VOL. XXVI, NO. 22 GAINESVILLE, FLORIDA, THURSDAY, MARCH 4, 1909 TEN CENTS A WEEK

SUPPLIES FOR PANAMA VIA NORTHERN PORTS

The South Being Grossly Discriminated Against for Benefit of Special Interests.

WASHINGTON, March 3.—"The United States Government is today sending millions and millions of dollars worth of supplies to the Panama canal from New York, when in the interests of economy to the nation and fairness to the South they should be shipped from Southern ports. These gigantic orders for machinery, cement, etc., are being filled in the iron trust's plants in the New England States, shipped over Wall street owned railroads to New York in order that the special interests may get their bit, and then loaded on ships for Panama.

"These supplies should be manufactured in the South and shipped from Southern ports, 1,000 miles nearer the Panama canal zone.

"If President Taft really wants to be a friend of the South he should early in his administration use his influence to stop the discrimination that the Republican party has consistently practiced against the South and West in favor of the New England States."

This interview offers President Taft a tip as to how he may exert his friendship for the South. The speaker was a prominent member of Congress, representing a district in one of the Southern States. He was not talking for publication, but was answering the writer's query as to opportunities that the new President might seize upon to make good his repeated declaration of friendship for the South.

"If President Taft does not make good in winning the admiration and confidence of the South it will not be because of a lack of opportunities," said the Southern representative. "The appointment of good men to Federal offices is important, but his opportunities do not stop there.

"I am not over-estimating his opportunities when I say that the new executive may, if he will use his influence in the right direction, add impetus to the industrial activity of every State in the South that will win him the friendship of the South. But will he do it? Can he do it without arousing the anger of the powerful influences of the New England States which practically dominate Republican politics and Republican Presidents?

"More cement is going to be used in the construction of the Panama canal than has ever been made since its discovery. This cement is being shipped from points adjacent to the New England States to New York. There is no good reason why it should originate in this section exclusively, other than that the railroads get a chance to haul it.

"An immense saving could be effected if this cement was manufactured in the South, but if not in the South, in Middle and Western States, and then placed on boats and sent down the Missouri and Ohio and Mississippi rivers to New Orleans, and from there shipped to the Panama canal instead of from New York.

"Immense orders of structural iron are being used in the building of the canal. Massive cranes, heavy machinery and a large assortment of tools are used in great quantities. The South is the place where these orders should be filled. If the South would get its share, as it deserves as a result of its ports being so much nearer the canal, the entire South would benefit. The Pacific Coast and far West have also suffered from discrimination in the Government purchase of canal supplies.

"President Taft should also use his influence to give Southern ports relief from certain quarantine regulations, which are unjust and discriminatory and tend to drive business to Northern ports."

Sufficient time has not yet elapsed to hear from all parts of the South relative to Mr. Taft's cabinet. Many anticipated the incoming President would show that he meant what he said about intending to be a friend to the South by appointing a typical representative of the South to a cabinet position. It is as yet too early to say whether the accrediting of Jacob H. Dickinson, late of Chicago, to Tennessee, will be a satisfactory indication of Mr. Taft's desire to have a man in his cabinet who can ably advise him in matters pertaining to the South.

There has been a great deal of regret expressed over Mr. Taft's failure to retain Luke E. Wright in the position of Secretary of War, which portfolio goes to Mr. Dickinson. The general impression in Washington is that the South would have been appreciative of Wright's retention. It is pointed out that the new Secretary of Commerce and Labor, Charles Nagel of Missouri, is a Southerner from one standpoint, and will be considered the South's representative along with Mr. Dickinson.

Railroad Commission Has Made Important Orders

TALLAHASSEE, March 3.—The Railroad Commissioners have recently issued a number of orders and notices that are of interest to the public

Orders were issued last week requiring the receivers of the Seaboard Air Line railway to construct passenger depots at Madison and Gainesville; this week an order has been issued requiring the construction of a union passenger depot at Live Oak.

Notices of hearings to consider whether or not the Florida East Coast railway shall be required to construct freight and passenger depots at Naranja and Viking and install an agent at White City have been sent out. The hearing will be had on the 8th inst., at which time the railroad will be given an opportunity to show cause why these orders should not be made.

The Commissioners have instituted mandamus proceedings in the State supreme court, through their counsel, L. C. Massey, seeking to compel the Florida East Coast railway to comply with the Commissioners' orders requiring that railway to make connection with the Atlantic Coast Line railroad at Orange Junction. The supreme court has made the case returnable for March 9th.

Mandamus proceedings have also been instituted against the Atlantic & Saint Andrews Bay Railway Co. to compel that company to obey the Commission's orders prescribing rates on lumber, wood and cross-ties.

Mandamus proceedings have also been instituted against the Louisville & Nashville Railroad Company to compel the L. & N. railroad to comply with the rule of the Commission requiring railroads to report all cases of wrecks promptly to the Railroad Commissioners.

Commissioner Blitch and Special Counsel L. C. Massey attended a meeting of the Interstate Commerce Commission at Jacksonville on the 24th ult. The Interstate Commerce Commissioners had under consideration the question of rates on fruits and vegetables to the Northern markets.

A conference will be had with the officials of the Southern Express Company on March 9th to consider the question of express rates.

Commissioner Burr is at present in Pensacola on business connected with the audit of the books of the L. & N. railroad.

The rules of the Railroad Commissioners have recently been amended so that hereafter cars containing different articles, but in the same class, shall be transported at the carload rate between points in Florida. It is believed that the amendment of this rule will be of vast benefit to the people of the State, especially to the merchants in the cities and towns in the interior of the State, as it will enable receivers of freight in those places to secure the benefits of carload rates where it has been impossible in the past.

PICTURES ON DISPLAY.

Gainesville National Bank Have Started Another New Plan.

Cashier C. A. Faircloth of the Gainesville National Bank will secure pictures of leading banks throughout the country and display them along the walls of their building.

Among the collection he has already received are the National City Bank of New York, one of the largest banks in the Western Hemisphere, having a capital and surplus of over $50,000,000. This was sent by the assistant cashier, G. E. Gregory, and is among the handsomest and largest of the collection.

The Reichsbank of Berlin, the Bank of England, Bank of Spain and the U. S. Treasury building are among the collection.

They are handsome photo-engravures, neatly framed and add much to the attractiveness of the bank.

During the meeting of the Florida Press Association in St. Augustine the latter part of this month a special edition of The St. Augustine Record is to be issued which is to be edited by members of the association.

FLORIDA PINE CO. GETS THE STATE CONVICTS

Bid $281 Per Capita Per Year for Four Years from January 1st, 1910.

TALLAHASSEE, March 3.—At a meeting of the Commissioners of the State Institutions, held here yesterday morning in the executive office the contract for convicts was awarded to the Florida Pine Company of Jacksonville at $281 per capita per year. Seventeen bids were brought in.

The contract, as let, was for the hire of State convicts for a period of four years, to begin January 1, 1910.

In accepting the contract the Florida Pine Company must abide by the following regulations:

The lessee must bear all expenses incident to the handling of the convict from the day of his sentence by the court in which he is tried; also all expenses incurred in maintaining a proper State prison as well as the prisoner and in keeping him or her safely; also all expenses for guards, medical attention, medicines, food, clothing, properly equipped lodging, and every other expense and charge that should be incurred for the proper care, custody and humane treatment of the prisoners during the term of the lease. The personnel of the guards, wardens and captains and management to be subject to the approval of the Commissioner of Agriculture.

All rules and regulations concerning the type of buildings for the prisoners, the equipment, the care and management of the prisoners to be subject to any and all rules that may be promulgated by the Commissioner of Agriculture with the approval of the Board of Commissioners of State Institutions.

A central hospital or hospitals shall be maintained at the expense of the lessee in which shall be confined for medical treatment all such prisoners that may be sick or unable from any cause to perform manual labor. The hospital or hospitals to be conducted and maintained as is more fully set out in the schedule referred to. The location of the hospital or hospitals must be approved by the Commissioners of State Institutions before they shall be deemed or considered as sufficient compliance with the intent thereof.

Each prisoner shall be furnished with a separate iron cot bedstead properly equipped for comfort, as shown in the schedule.

The lessee shall at all times enforce in the prison or camps and upon the work such rules as may be prescribed by the Commissioner of Agriculture and approved by the Board of Commissioners of State Institutions for the health; humane treatment and safe custody of the prisoners.

Lessees shall take all prisoners sentenced by any court to the State prison, without regard to age, sex or physical condition.

The State prison physician, with the approval of the Commissioner of Agriculture, shall designate those to be confined in a hospital subject to the endorsement of the board.

The allowance for escapes will be within the discretion of the Board of Commissioners of State Institutions.

All payments under the contract shall be made quarterly in advance, except for the first quarter of the year 1910, which shall be payable one-half July 1, 1909, and the other half October 1, 1909, upon a basis of the whole number of prisoners incarcerated in the State prison on July 1, 1909

The lessees shall enter into a bond with two or more good and sufficient sureties in such sum as may be required by the Board of Commissioners of State Institutions, (said bond to be made payable) for the faithful performance of the contract and shall be a bond acceptable to the Board of Commissioners of State Institutions and shall be approved by said board.

Deductions will be allowed for each prisoner while confined in the hospital under the direction of the State prison physician and Commissioner of Agriculture with the approval of the board.

Anniversary Celebrations at Melrose on the Lake

MELROSE, March 3.—A lively crowd gathered at Bayview on Saturday night to celebrate the birthdays of Mrs. J. A. Waters and Mrs. H. W. Hamlyn, both falling on February 28. During the evening delicious "monkeys," besides other good things, were served, said "monkeys" being a close relation to the "Welch rabbit," another nature fake. A very pleasant incident during the supper was the presentation to Mr. and Mrs. Hamlyn by Rev. Waters, on behalf of all present, of a fine mariner's compass as a slight souvenir of the many pleasant trips in the "Effie." Another birthday, that of Mr. J. N. Cole, was celebrated by an enjoyable picnic at Parish Hammock on Monday. While some of the party went snipe shooting or fishing the rest rambled through the pretty woods exploring and picking flowers until dinner time, when fried fish, done to a turn by that experienced chef, T. A. Birt, were served and much appreciated by the hungry crowd. Mr. Cole was the recipient of many boquets, verbal and floral, during the dinner.

Ross B. Norton and Miss Lennie Stokes stole a march on their friends by being quietly married on Sunday night by Rev. B. R. Moseley. On Monday the happy couple were entertained at dinner by Mr. and Mrs. W. H. Lee, the table being decorated with orange blossoms in honor of the occasion. All present enjoyed the fine dinner. The usual tinpan serenade was given in front of the Brown cottage, occupied by Mr. and Mrs. Norton, on Monday night. The community extends best wishes.

The Lutherans held the first service for a long time on Sunday, Rev. J. A. Waters preaching a fine sermon to a most appreciative congregation. The church was beautifully decorated with dogwood and purple lantanas.

Prof. Nunnally, from Lake City College, was expected to preach at the Baptist church on Sunday, but sickness prevented his coming.

C. P. Huffman, Jr., and S. Lee returned to Lake City on Tuesday.

The committee appointed to investigate and report upon the advisability of Key West purchasing the dock property which is to be sold at auction soon, has reported adversely. They gave as their reason that the city would lose over $1,000 a year in taxes and licenses.

TOM DOUGLASS CAPTURED FOR MURDER

SHOT DOWN MAN IN EASTERN PART OF COUNTY.

Was Arrested at Quincy and Sheriff Ramsey Has Gone to Bring Him Here.

Tom Douglass, a negro wanted for murder, was captured at Quincy on Tuesday and Sheriff Ramsey has gone to bring him to this city.

Douglass shot a negro woman at a festival given near Orange Heights because the woman asked him to pay her what he was due for food he had eaten. When the woman's husband went to Douglass and asked him why he had shot his wife, he remarked that he would kill him, which he did by shooting him on the spot, the victim dying shortly afterward.

After shooting the man he made good his escape. A true bill was found against him at the last term of court, but it was only recently that he was located.

The wound of the woman was only a flesh one, and she soon recovered. The negro is said to be a very desperate man and is known to travel from camp to camp, always creating trouble and being compelled to leave.

BAND CONCERT ENJOYED.

Large Number of Ladies and Children Attend Occasion.

A large crowd of ladies and children assembled around the court house square Wednesday afternoon for the purpose of listening to the concert of the Gainesville Band.

The program rendered was an excellent one and showed a marked improvement over the last appearance of the band boys. It is the intention of the organization to give these concerts all during the summer at about the same hour, and judging from the large crowd present yesterday they will always be greeted with large and appreciative audiences.

JUDGE MASON BUSY.

All of Wednesday Was Occupied With Civil Business.

County Judge Mason was busy all of Wednesday hearing two civil cases.

The case of Wm. Osborne vs. the A. C. L. railway for the loss of household goods in transit, was tried by jury and a verdict of $40.60 rendered for the plaintiff.

J. F. Stewart vs. A. C. L. railway, sewing machine lost in transit. In this case the judge has under consideration the evidence and will render his decision within the next few days.

Cleaning Out Gutters.

Street Commissioner Dell was busy all of yesterday cleaning the gutters of the sand and other filthy mess which has congregated there for some time. The amount of stuff removed was something immense, and it gives a much neater and cleaner appearance to the streets. This work and cleaning the crossings should be two things indulged in at more frequent periods.

AMUSEMENTS

Minstrels Tonight.

The "Dandy Dixie Minstrels" will appear at the Baird Theatre tonight in a long and diversified program of song and fun. This promises to be one of the most pleasing companies of colored entertainers yet seen here, and the large advance sale indicates a big house. There are thirty unbleached Afro-American minstrel men of superior talent in this aggregation. Billy Kersands, Campbell & Meaux, Prince Tabor, Montrose Douglass, and the Dixie Rangers' Quarettte are a few of the big featured performers, and unequalled in their lines. The band and orchestra, led by Montgomery, the black Creatore, is unrivaled, and the stage show is noted for its excellent singing, dancing and olio numbers. "The 'Possumville Spielers," the funny afterpiece, is said to be a very appropriate fun climax to the show.

Prices 35, 50 and 75 cents. Reserved seats on sale at the theatre box office.

Madame Calve.

Manager Kalbfield of the New Baird Theatre has received information that Madame Calve, one of the world's greatest singers, desires to visit Gainesville during the week of March 15th if the proper inducements in the manner of a guarantee as to receipts can be given.

Madame Calve is now in Cuba, but will be in Florida within the next few days, having a date at Miami.

It would be a great advertisement for the city to have this world-famous prima donna visit Gainesville, as well as afford our people an opportunity of hearing her, and the music-lovers of the city and vicinity should "get together" at once if they wish her to come. Mr. Kalofield will give out any information desired concerning the matter. He can be found at the theatre box office today.

SAVANNAH, GEORGIA

SUSIE WHITE TO BE TRIED BY CO. JUDGE

USED KNIFE ON TWO PEOPLE WITH SERIOUS EFFECTS.

Mayor Davis Had Largest Session of Court Wednesday for Weeks, Which Helped Treasury.

The court room of the city was crowded on Wednesday morning by residents of Spring Hill, a general mixup among two families being the cause of the trouble.

Susie White was the star performer, and used an ugly knife with murderous intent upon several of her victims before she was finally felled with a scantling in the hands of Fletcher Hilton.

The evidence in the case had not advanced very far before Mayor Davis decided that he would not attempt to try Susie, and he turned her over to Judge Mason, it being out of his power to inflict the punishment in such cases.

Other cases disposed of were as follows: Pink Blocker, charged with disorderly conduct, plead guilty, and after hearing the evidence the mayor decided that he was partially justified in his punishment of slapping his wife, and made the fine as light as he could —$5 and costs. He notified the prisoner that unless his great big step-son proceeded to obtain work he would have him up for vagrancy. The fight was the outcome of the son refusing to work.

Fletcher Hilton, charged with fighting, was let off with $5 and costs, as it was proven that had he not interfered Susie White would have cut his sister to death.

Henry Stevens, also charged with fighting, was discharged, the evidence being insufficient for the judge to impose a fine.

The case of Susie White, which was transferred to Judge Mason's court, will be heard by him this morning.

WALDO NOTES.

WALDO, March 3.—Nathan P. Cauthen was injured by the breaking of a clamp on the trolly wire used in skidding cypress logs, being struck by the rebound of the line, and in consequence is under treatment in a hospital in Jacksonville. The last account said he was improving. Much interest is felt by his many friends in his misfortune.

J. A. White has purchased the house and lot formerly the home of Mrs. Green, near the Methodist church, and is occupying it.

The wife of David Jones, a well-to-do colored woman, died of dropsy on Sunday. Her funeral was largely attended.

After long illness from the grip Rev. D. L. Branning was able to fill his regular appointment Sunday morning, and the pastor preached at night at the Methodist church.

Mrs. John Rollins has been quite ill for some time, and her friends are anxious on account of her condition.

Mrs. John P. Entenza has returned from a visit to the fair and to relatives in Tampa.

D. Hicks is out again after an illness of several days.

Percy Packham has purchased the W. V. Paschall, Sr., residence and moved in on the 1st inst.

Prof. Bryant and wife have moved to the cottage near Hugh Williams, on the south side.

Jack Beasley is with relatives here from the south to recuperate from an illness of some length.

Mrs. W. V. Paschall and sons have moved to Lukens, where Mr. Paschall is in business. The Paschall family are the oldest residents of the town. Dr. Paschall moved here from North Carolina before the Civil War and practiced medicine for many years. The fourth generation now keep up the family name. For the first time in over fifty years not one of the family lives here.

While the earlier peaches were killed off the trees by the late cold spell there will be a good crop of the later varieties. Corn is up and growing. The writer has potato sprouts ready to be set out.

O. B. Weeks has installed a gas plant in connection with his barber business, and proposes to furnish lights to all who desire them.

Miss Emma Entenza is working as agent for a book on the Italian earthquake, and other popular works.

The council held its regular meeting Monday night with every officer of the town, ten in all, present. The payment of taxes due was urged upon our citizens.

MADE WELL AND STRONG

By Lydia E. Pinkham's Vegetable Compound

Bardstown, Ky.—"I suffered from ulceration and other female troubles for a long time. Doctors had failed to help me. Lydia E. Pinkham's Vegetable Compound was recommended, and I decided to try it. It cured my trouble and made me well and strong, so that I can do all my own work." Mrs. JOSEPH HALL, Bardstown, Ky.

Another Woman Cured.

Christiana, Tenn.—"I suffered from the worst form of female trouble so that at times I thought I could not live, and my nerves were in a dreadful condition. Lydia E. Pinkham's Vegetable Compound cured me, and made me feel like a different woman. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold to suffering women."—MRS. MARY WOOD, R.F.D. 3.

If you belong to that countless army of women who suffer from some form of female ills, don't hesitate to try Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years this famous remedy has been the standard for all forms of female ills, and has cured thousands of women who have been troubled with such ailments as displacements, fibroid tumors, ulceration, inflammation, irregularities, backache, and nervous prostration.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

MRS. TAYLOR'S RECEPTION.

In Honor of Mrs. B. K. Thrower Tuesday Afternoon.

One of the most lovely receptions of the season was given by Mrs. W. B. Taylor at her beautiful home on West Liberty street Tuesday evening from 4 to 6 o'clock in honor of Mrs. B. K. Thrower, one of this season's brides, being one of Orlando's most charming young women and a recent addition to the elite society of Gainesville.

The guests were received in the front parlor and introduced by Mrs. J. D. Stringfellow, assisted by Mesdames W. C. Johnson and J. M. Dell, Miss Elizabeth Taylor being at the front door. A large crowd of admiring friends assembled to pay their respects to guest of honor.

From the handsomely decorated parlor the guests were ushered to the dining-room, where both sight and taste were most delightfully satisfied. Mrs. L. C. Lynch presided in this room, assisted by Mises Mae Haile and Marguerite Stringfellow. The decorations for the dining-room consisted of pansies most beautifully arranged. Delicious ice cream, cake and bon bons delighted the palates of all present.

Mrs. John Chesnut, assisted by Mrs. Sam Dell, served coffee and sandwiches in the tea room, which decorations consisted of lovely nasturtiums.

The punch bowl was located in one corner of the large reception hall and presided over by Misses Jessie Bodiford, Bessie King, and Lucile Colclough, the decorations consisting of violets placed to pleasing effect.

Throughout the entire building the effect was similar, neat candles being used for the lights, the house being darkened to more present the evening effect, and the decorations of cut flowers, pot plants, ferns, etc., easily gave it the distinction of being one of the loveliest social events of the season.

Many lovely dresses were worn by the ladies in attendance, but special mention is due Mrs. W. B. Taylor, who wore a beautiful gown of crepe de chine, while the guest of honor, Mrs. B. K. Thrower, was exquisitely gowned in blue satin empire en train.

FIFTEEN HUNDRED ACRES IN VEGETABLES

WILLISTON GROWERS ARE GOING IT HEAVY THIS SEASON.

Larger Part of the Ground Has Been Planted to Cucumbers for Early Shipment.

The Williston section seems to be "it" when it comes to putting in spring vegetables for early shipping, judging from the large acreage that has been planted there.

It is estimated that some 1,500 acres have been planted, reaching from Archer south to Montbrook, and the greater part of this acreage is all planted to cucumbers.

T. L. Hodgson, one of the largest truckers of the Williston section, says that about 700 acres have been planted around Williston, 500 acres being in cukes alone, while the remainder will be in beans and melons.

It will be seen from the above that the farmers of that particular section have planted extremely heavy, and if the other sections have planted in the same proportion it will be another nard section on the growers generally, the produce selling for scarcely enough to pay the transportation charges.

NEWS OF CITY AND COUNTY CONDENSED

A healthy man is a king in his own right; an unhealthy man is an unhappy slave. Burdock Blood Bitters builds up sound health—keeps you well.

Miss Leah Shawl, who has been spending the past few days here as the guest of her sister, Mrs. W. T. Gill, returned to her home at Alachua yesterday.

Geo. B. Sillivan of Palatka is among the visitors to the city. He is extensively interested in one of the large cypress companies of that city and came over on an important business trip. He was accompanied by W. H. Van Wagener of Rome, N. Y., who is visiting in the Gem City for the winter.

BIDS WANTED.

The Board of County Commissioners will receive, at their meeting in April, bids for a system of sewerage to be constructed in the county jail, parties bidding to submit suitable plans and specifications and price of same.

The Board reserves the right to refuse any or all bids, and to accept such bid and such plans and specifications as they may think best. All to be connected with the city sewer.

Done by order of Board this 3rd day of March, 1909.

J. G. DAMPIER, Chairman.
Attest: S. H. WIENGES, Clerk.

Gone to Rest.

HAWTHORN, March 3.—Madaline, infant daughter of Mr. and Mrs. Newton Coleman, departed this life at Micanopy, Fla., Feb. 16, aged four months and nine days. She was the first born of this happy young couple, and it is but natural that their grief should be great. She was a beautiful and interesting child and a pet of everyone who knew her. She never seemed happier than when being wheeled over the streets in her little carriage. Kind friends, with the best of medical skill, administered to her every need, but our Savior said: "Suffer little children to come unto me and forbid them not, for of such is the kingdom of heaven."

Her little body was laid to rest in the Hawthorn Cemetery in the presence of kind and loving friends. Weep not, dear parents; little Madaline is not dead, but safe in the arms of Jesus, waiting and watching for thee.

A STARTLING STATEMENT

New York Medical Authorities Claim Dyspepsia Causes Consumption

The post mortem statistics of the big New York hospitals show that some cases of consumption are due to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.

Dyspepsia wears out the body and brain, the weakened, irritable stomach is unable to digest food, the body does not receive the required nourishment, constipation ensues and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field for the germs of disease to lodge and flourish.

Therefore, the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind.

Dyspepsia is curable if properly treated. J. W. McCollum & Co., sell a remedy which they positively guarantee will cure indigestion or dyspepsia or they will pay for all the medicine used during the trial. This remedy is an absolutely new medical discovery and has been named Rexall Dyspepsia Tablets. Certainly no offer could be more fair, and the offer of J. W. McCollum & Co. is proof positive that Rexall Dyspepsia Tablets are a dependable and infallible remedy. Inasmuch as the medicine will cost you nothing if it does not benefit you we urge you who are suffering with indigestion or dyspepsia to try this remedy. A twenty-five cent box of Rexall Dyspepsia Tablets contains enough medicine for fifteen days' treatment. Remember Rexall Dyspepsia Tablets are only sold in Gainesville by J. W. McCollum & Co., corner East Main and Union streets.

Wormology.

Should be studied by every parent. If your child is nervous, fretful, starts in it's sleep, is pasty faced, has rings under its eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. White's Cream Vermifuge is an absolute cure for worms. Is it's own purgative. Sold by W. M. Johnson.

A Putting Tip From St. Andrews.

A man on his first visit to St. Andrews was much impressed by the high standard of efficiency which he saw displayed on the greens by those with whom he played. He studied the actions of these heroes to see if he could discover any common feature in their methods. At last he saw light. He observed that they all hold the left hand more under the club when putting than they did when driving.

From this he deduced a rule of conduct—"see the finger nails of the left hand when addressed to the ball." For the rest of his stay, and it may be for some time afterward, his own putting improved considerably.—London Post.

Forgets to Mail Them.

She—I really think that something should be done to lighten the loads of the postmen. He—Well, you know, dear, I do all I can to lighten 'em!—Yonkers Statesman.

For HEADACHE—Hicks' CAPUDINE.

Whether from colds, heat, stomach or nervous troubles, Capudine will relive you. It's liquid—pleasant to take—acts immediately. Try it. 10c. 25c and 50c at all drug stores.

If you have found anything see if it is advertised in the Want column.

A Regimental Custom.

A peculiar custom obtains in the Twelth lancers—the playing of the Vesper hymn, the Spanish chant and the Russian national hymn every night of the year after the "last post" has sounded. It is said that the playing of the Vesper hymn originated in one of the officers' wives presenting the regiment with a new set of instruments on condition that the hymn was played every night after the "last post." The playing of the Spanish chant is declared to be a penance for sacking of a convent during the peninsular war. No reason is assigned for the playing of the Russian national anthem.—London Tit-Bits.

Race Suicide

Is not nearly the menace to increase in population that deaths among infants are. Eight out of ten of these death are directly or indirectly caused by bowel troubles. McGee's Baby Elixir cures diarrhoea, dysentary, sour stomach and all infant ailments of this nature. Just the thing for teething babies. Price 25c and 50c per bottle. Sold by W. M. Johnson.

Two Straight Streets.

In viewing Manhattan from a point of vantage on the Metropolitan tower, nearly 700 feet from the sidewalk, one is chiefly impressed by the rigid lines which Park and Madison avenues cut through the length of the island. A tapeline drawn through a miniature model city could not be straighter. A twelve inch rifle discharged at Twenty-third street would send its bullet straight into Harlem without touching a building on either side.—New York Post.

A Swollen Jaw

Is not pretty nor pleasant. Whether it's caused by neuralgia, toothache or accident, Ballard's Snow Liniment will reduce the swelling and relieve the pain. The great and sure cure for rheumatism, cuts, burns, bruises, scalds—any and all aches and pains. Sold by W. M. Johnson.

Bled Him.

He—Yes, the rascals bled me. She—Bled! I'm surprised to hear you using slang. He—Who says it's slang! They took away my circulating medium, didn't they?—Boston Transcript.

He that waits to do a great deal at once will never do any.—Johnson.

STOMACH AGONY

Abolish the Cause, and Misery and Distress of Indigestion Will Vanish.

Can indigestion be cured? Hundreds of thousands of people who suffer from belching of gas; biliousness, sour stomach, fullness, nausea, shortness of breath, bad taste in mouth, foul breath, nervousness and other distressing symptoms, are asking themselves that question daily.

And if these same doubting dyspeptics could only read the thousands of sincere letters from people who once suffered as badly as they do now, but who have been quickly and permanently cured by the use of Mi-o-na, the mighty dyspepsia remedy that cures by removing the cause, they would go to J. W. McCollum & Co. this very day and get a large box of Mi-o-na tablets, and start themselves on the right road to health at once.

The price of Mi-o-na tablets is only 50 cents, and J. W. McCollum & Co. guarantee them to cure indigestion, or money back.

Thin or lean or scrawney people will find in Mi-o-na a maker of flesh and blood, because it causes the stomach to extract more nutritious matter from the food, which quickly enriches the blood.

S.S.S. NATURE'S CURE FOR RHEUMATISM

The conditions and causes which produce Rheumatism all suggest a healthful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for nourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the pain and agony of Rheumatism. To treat the trouble with medicines containing potash or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of Rheumatism, cleanses and purifies the circulation, and restores health and comfort to those who are suffering from this painful disease. There is but one way to be sure you are not dosing your system with mineral medicines, and that is to take S. S. S. Book on Rheumatism and any medical advice free.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Castro has lost his title; but the death grip on that sixty millions is still undisturbed.

Little Servia's frantic appeal for a big brother to pummel Austria has fallen on deaf ears.

It does not necessarily follow that Mr. Knox will turn out only $8,000 worth of work in his new job.

The dramatic moment will arrive in the Senate when they try to put the organization snuffer on the LaFollette candle.

"The pros are full of fight," says The San Antonio Express. It would therefore seem high time for the cons to get busy.

The blacksmith who will make his debut this week as an opera tenor in New York should be able to make a hit in the anvil chorus.

"Inaccurate" seems to lack the usual vigor and directness of President Roosevelt's message. The "shorter and uglier word" has been laid aside.

Oregon has declared war on Harriman. If Oregon is not careful it will wake up some morning as an inconspicuous way station between Seattle and Frisco.

"A new crack has been discovered in the old Liberty Bell," says The Buffalo Express. Still, the old Constitution remains many cracks ahead of its nearest competitor.

Mr. Bryan does not believe that Congress will do anything to the tariff. Why, Willyum, it will at least blow the dust off, and that's a good deal for a Republican Congress in these strenuous times.

It was altogether fitting that the official welcome home of the American fleet should be given on Washington's birthday. It was during the revolution in which he was the central figure the foundations of the navy were laid and Paul Jones gained his brilliant victory with the Bonhomme Richard over the Serapis. So great has been the progress in the size and construction of warships since that famous encounter that the Bonhomme Richard would seem no more than a cockboat alongside of Admiral Sperry's flagship. And it is no exaggeration to say that any one of the battleships that has just finished its cruise could have fought and beaten the whole British navy as it existed in the time of George III.

Did that head-on collision at Tampa collide? We have seen no report of it.—Bronson Times-Democrat.

That is just what has been troubling The Journal. From all we can make out those dastardly Jacksonville boosters intercepted the locomotives on their way south. How about it, Brother Lambright?—Pensacola Journal.

It is better that the collision was not "pulled off" at Tampa than to have had such a fake as the one perpetrated on the public at Jacksonville. No one expected to see anything but a farce on the day the bull fight was advertised to occur, but it was almost equivocal to "larceny after trust" to perpetrate such a farce as the collision of the two locomotives.

LET US BE THANKFUL.

The eventful administration of President Roosevelt ends today. The voyage of the past four years has been a rough and stormy one—the country being in the position of the crew of a strong bark buffeted here and there by the billows, and not knowing what moment they may be cast upon the rocks and their vessel smashed to pieces. It has been a period of unrest for everybody, and all are thankful that Roosevelt is succeeded by a man of judicial temperament, sound judgment and special fitness for the high office to which the people have called him. It is expected that Mr. Taft will be a prosperity President. His assumption of administration is greeted with universal confidence, and there is nothing in his character to expect of him anything else than would come from a well-meaning, progressive President, ambitious to bring better days and a new era of progress. Mr. Roosevelt himself says of his successor:

"No man of better training, no man of more dauntless courage, of common sense and higher character ever come to the Presidency than William Howard Taft."

ON MARRIED LIFE.

Occasionally some woman with so-called new ideas on life seeks to enlighten society on marriage and the home. This is what Mrs. Leslie Carter has just done. She condemns marriage as being old fogeyish and obsolete, that "children are a nuisance and domestic routine a bore," and that in these "progressive times" men demand the "sparkle of eyes" and will not be content with one woman in a house. And as for woman, she is a fool if she devotes herself to one man, especially when there are such "brilliant opportunities" before her.

Mrs. Carter indulges in a lot more of such unwholesome and trashy advice, but her reputation as an actress and as a champion of Salome in its most repulsive presentation prevents her opinions having any weight except with the class to which she belongs. Every sane person believes in just the things she condemns, and the vast majority of marriages are happy even as are the great majority of American homes. Mrs. Carter simply represents a little froth that is upon the surface and which is only noticeable just because it is froth and displays itself. Domestic life in this country almost universally goes on in tranquil, wholesome fashion without making an exhibition of itself.

CURRENT COMMENT.

The Montgomery Advertiser says: "If the tariff revisionists will, as intimated, reduce the duties on print paper from six dollars a ton to two, and admit wood pulp free, it would do one of the best things that has been done for the diffusion of information in several generations."

The Galveston News says: "Arizona and New Mexico may as well make up their minds now to remain mere territories as long as the Republican party controls Congress, or until they promise on their honor not to elect Democratic Senators. The quality of mercy may not be strained, but the quality of justice as dispensed by politicians gets an awful wrench sometimes."

The Charleston Post says: "The danger of Mr. Roosevelt falling a victim to the sleeping sickness in Africa is suggested by someone who evidently knows nothing of the mighty hunter who is about to invade the jungle. Mr. Roosevelt does not know what sleep is. The tsetze fly, whose bite is supposed to cause the sleeping sickness, may chew on him as long as it is able, without causing him to bat an eye."

The Hartford Times says: "South Carolina will not join the other Southern States which have adopted State-wide prohibition laws. The proposition was voted down 30 to 9 by the State Senate on Friday. The prohibition movement is not likely to make further headway in that part of the country at present. The violent and extreme course of the Tennessee politicians on the liquor question has set conservative men in the other States to thinking about where such legislation is likely to end."

The New York Post says: "Nothing will really be done about the tariff, of course, till the extra session of Congress, but some of the preliminary work is significant. No item of it is more so than the report and recommendations of the special committee on wood pulp and printing paper. Appointed last year as a means of staving off action on the President's recommendation that wood pulp be admitted free of duty, and the rates on paper cut down, the committee has made long inquiry and has felt bound by the evidence to urge that wood pulp be put on the free list, practically, and that the duty on printing paper be reduced from $6 a ton to $2. This shows that the facts can at last penetrate even the triply-protected heads of protectionists."

The Columbia (S. C.) State says: "'Upper case' is the pretense of the world. When we wish a word to have greater carrying power, to make a brave show, we begin it with a big letter. When we wish to give an adventitous significance to our puny ideas, we tell the printer to set the sentence or paragraph in 'caps.' When we wish to make a gallant appearance anywhere, we play up, and get ourselves expressed or arrayed in 'upper case.' It's a game, as the French say, like any other. And we are generally taken, at least in large measure, for what we pretend to be. In certain circles of the social world there is little else except 'upper case'—the glint of unpaid-for jewelry, the swish of bankrupting silks, the swagger and the hypocrisy. All 'upper case,' all big capitals!"

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

FOR CITY MARSHAL.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen, who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,
CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.
CHAS. M. DELL.

FOR TAX ASSESSOR.

To the Voters of the City of Gainesville:

I respectfully announce myself a candidate for City Tax Assessor for the year 1909. Having been Tax Assessor for four years, I am fully prepared to fill the office, as my record will show, the city assessment having been increased in that time from a little over $600,000 to over $1,000,000. I was prevented from running for this office last year on account of sickness, and now respectfully solicit your vote.
W. M. BRADFORD.

To the Voters of Gainesville:

I hereby announce that I am a candidate for re-election to the office of City Tax Assessor for the year 1909, to the election to be held on April the 13th, and most earnestly request you all to give me your vote and support for the position.

Thanking you for your past endorsement, I remain, Yours very truly,
B. R. COLSON.

PRODUCING FERTILIZER ON THE FARM

By JOHN M. SCOTT
—Florida Agricultural Experiment Station—

Doubtless the farmers of Florida use more fertilizer per capita than do those of any other State in the Union. It is also probably true that 90 per cent, or more, of the fertilizers which are used are commercial brands. With a change in the methods of farming from the growing of only one crop to a variety of crops in rotation, we can produce at home all of the ammonia we now buy in our fertilizers, and in that way save about half the money spent for fertilizer.

Increased Cost of Crop Production.

Until recently most of the farmers of northern and central Florida have depended for their income almost entirely on one crop—cotton. But conditions have forced many to change. The price of land has increased, and the cost of labor has also advanced nearly 50 per cent. The cost of producing a bale of cotton has increased in the same proportion, but the price received for the bale of cotton has remained nearly the same. Therefore the farmer must study and investigate, and if possible find some means whereby he may reduce the cost of production. What is true of cotton is also true of the cost of producing other farm crops.

The heaviest expenses in the production of a crop are the fertilizer and the labor. We can reduce the cost of cultivation about 50 per cent. by using improved farm implements. Therefore, if we can save 50 per cent. in fertilizer and 50 per cent. in cultivation we will greatly reduce the cost of producing our crops.

How Fertilizer May Be Saved.

Fertilizer may be produced on the farm in two ways. First, by growing legumes, such as velvet beans, cowpeas, and beggarweed. These crops have the power to get ammonia from the atmosphere. Therefore by growing velvet beans, cowpeas and beggarweed we can increase the ammonia content of the soil. This is not the case with corn and cotton; on the contrary, ammonia is taken from the soil by them. When velvet beans are grown, and the vines left on the ground to be plowed under during the following winter, they will add ammonia to each acre equal to an application of $20 worth of cottonseed meal. An acre of cowpeas will produce a good crop of hay, and after this has been removed, the leaves that break off and remain in the field on the ground, and the roots, will add ammonia to the soil equal to an application of 400 pounds of cottonseed meal. When such crop rotation is practiced the fertility of the soil can be increased; while with the old method of continual cropping in cotton or corn, the soil is sooner or later depleted of available ammonia, phosphoric acid or potash, and the crop depends almost wholly on purchased fertilizer.

Second, by feeding the crops produced on the farm to live stock, either beef or dairy cattle, saving the manure produced, and returning it to the field. A good cow or steer will in a year produce from six to seven tons of manure. The quality of the manure will depend entirely upon the quality of the feed. If we give feeds rich in ammonia, the manure produced will be rich in ammonia. It has been found that the animal body retains only about one-fifth of the ammonia in the feed; that is, for every hundred pounds of ammonia fed to an animal eighty pounds are excreted. Therefore by growing such crops as velvet beans, cowpeas and beggarweed, and feeding them to live stock on the farm, we can produce large quantities of manure rich in ammonia. Hence by the growing of these crops, feeding them to live stock, and returning the manure to the fields, we can in a few years increase the fertility of our lands so that we will need to buy only potash and phosphoric acid—the cheap elements in commercial fertilizer.

When it is necessary to buy ammonia it should be purchased in the form of cottonseed meal and fed to animals, and the manure produced used as a fertilizer. By using cottonseed meal in this way we get a double value from it. First its value as a milk and meat producer, and second, its fertilizing value. By following this method, instead of having to purchase large quantities of ammonia, potash and phosphoric acid in chemical fertilizers, good crops can be grown with no purchased ammonia, and less potash than before. The most expensive element in the fertilizer—ammonia—would be obtained from the air, or as a by-product of the feed.

Every general farmer ought to arrange his crop rotation so that it would not be necessary for him to purchase any ammonia as fertilizer.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a- million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prest., Buffalo, N. Y.

SUPPLIES FOR PANAMA VIA NORTHERN PORTS

The South Being Grossly Discriminated Against for Benefit of Special Interests.

WASHINGTON, March 3.—"The United States Government is today sending millions and millions of dollars worth of supplies to the Panama canal from New York, when in the interests of economy to the nation and fairness to the South they should be shipped from Southern ports. These gigantic orders for machinery, cement, etc., are being filled in the iron trust's plants in the New England States, shipped over Wall street owned railroads to New York in order that the special interests may get their bit, and then loaded on ships for Panama.

"These supplies should be manufactured in the South and shipped from Southern ports, 1,000 miles nearer the Panama canal zone.

"If President Taft really wants to be a friend of the South he should early in his administration use his influence to stop the discrimination that the Republican party has consistently practiced against the South and West in favor of the New England States."

This interview offers President Taft a tip as to how he may exert his friendship for the South. The speaker was a prominent member of Congress, representing a district in one of the Southern States. He was not talking for publication, but was answering the writer's query as to opportunities that the new President might seize upon to make good his repeated declaration of friendship for the South.

"If President Taft does not make good in winning the admiration and confidence of the South it will not be because of a lack of opportunities," said the Southern representative. "The appointment of good men to Federal offices is important, but his opportunities do not stop there.

"I am not over-estimating his opportunities when I say that the new executive may, if he will use his influence in the right direction, add impetus to the industrial activity of every State in the South that will win him the friendship of the South. But will he do it? Can he do it without arousing the anger of the powerful influences of the New England States which practically dominate Republican politics and Republican Presidents?

"More cement is going to be used in the construction of the Panama canal than has ever been made since its discovery. This cement is being shipped from points adjacent to the New England States to New York. There is no good reason why it should originate in this section exclusively, other than that the railroads get a chance to haul it.

"An immense saving could be effected if this cement was manufactured in the South, but if not in the South, in Middle and Western States, and then placed on boats and sent down the Missouri and Ohio and Mississippi rivers to New Orleans, and from there shipped to the Panama canal instead of from New York.

"Immense orders of structural iron are being used in the building of the canal. Massive cranes, heavy machinery and a large assortment of tools are used in great quantities. The South is the place where these orders should be filled. If the South would get its share, as it deserves as a result of its ports being so much nearer the canal, the entire South would benefit. The Pacific Coast and far West have also suffered from discrimination in the Government purchase of canal supplies.

"President Taft should also use his influence to give Southern ports relief from certain quarantine regulations, which are unjust and discriminatory and tend to drive business to Northern ports."

Sufficient time has not yet elapsed to hear from all parts of the South relative to Mr. Taft's cabinet. Many anticipated the incoming President would show that he meant what he said about intending to be a friend to the South by appointing a typical representative of the South to a cabinet position. It is as yet too early to say whether the accrediting of Jacob H. Dickinson, late of Chicago, to Tennessee, will be a satisfactory indication of Mr. Taft's desire to have a man in his cabinet who can ably advise him in matters pertaining to the South.

There has been a great deal of regret expressed over Mr. Taft's failure to retain Luke E. Wright in the position of Secretary of War, which portfolio goes to Mr. Dickinson. The general impression in Washington is that the South would have been appreciative of Wright's retention. It is pointed out that the new Secretary of Commerce and Labor, Charles Nagel of Missouri, is a Southerner from one standpoint, and will be considered the South's representative along with Mr. Dickinson.

Railroad Commission Has Made Important Orders

TALLAHASSEE, March 3.—The Railroad Commissioners have recently issued a number of orders and notices that are of interest to the public.

Orders were issued last week requiring the receivers of the Seaboard Air Line railway to construct passenger depots at Madison and Gainesville; this week an order has been issued requiring the construction of a union passenger depot at Live Oak.

Notices of hearings to consider whether or not the Florida East Coast railway shall be required to construct freight and passenger depots at Naranja and Viking and install an agent at White City have been sent out. The hearing will be had on the 8th inst., at which time the railroad will be given an opportunity to show cause why these orders should not be made.

The Commissioners have instituted mandamus proceedings in the State supreme court, through their counsel, L. C. Massey, seeking to compel the Florida East Coast railway to comply with the Commissioners' orders requiring that railway to make connection with the Atlantic Coast Line railroad at Orange Junction. The supreme court has made the case returnable for March 9th.

Mandamus proceedings have also been instituted against the Atlantic & Saint Andrews Bay Railway Co. to compel that company to obey the Commission's orders prescribing rates on lumber, wood and cross-ties.

Mandamus proceedings have also been instituted against the Louisville & Nashville Railroad Company to compel the L. & N. railroad to comply with the rule of the Commission requiring railroads to report all cases of wrecks promptly to the Railroad Commissioners.

Commissioner Blitch and Special Counsel L. C. Massey attended a meeting of the Interstate Commerce Commission at Jacksonville on the 24th ult. The Interstate Commerce Commissioners had under consideration the question of rates on fruits and vegetables to the Northern markets.

A conference will be had with the officials of the Southern Express Company on March 9th to consider the question of express rates.

Commissioner Burr is at present in Pensacola on business connected with the audit of the books of the L. & N. railroad.

The rules of the Railroad Commissioners have recently been amended so that hereafter cars containing different articles, but in the same class, shall be transported at the carload rate between points in Florida. It is believed that the amendment of this rule will be of vast benefit to the people of the State, especially to the merchants in the cities and towns in the interior of the State, as it will enable receivers of freight in those places to secure the benefits of carload rates where it has been impossible in the past.

PICTURES ON DISPLAY.

Gainesville National Bank Have Started Another New Plan.

Cashier C. A. Faircloth of the Gainesville National Bank will secure pictures of leading banks throughout the country and display them along the walls of their building.

Among the collection he has already received are the National City Bank of New York, one of the largest banks in the Western Hemisphere, having a capital and surplus of over $50,000,000. This was sent by the assistant cashier, G. E. Gregory, and is among the handsomest and largest of the collection.

The Reichsbank of Berlin, the Bank of England, Bank of Spain and the U. S. Treasury building are among the collection.

They are handsome photo-engravures, neatly framed and add much to the attractiveness of the bank.

During the meeting of the Florida Press Association in St. Augustine the latter part of this month a special edition of The St. Augustine Record is to be issued which is to be edited by members of the association.

FLORIDA PINE CO. GETS THE STATE CONVICTS

Bid $281 Per Capita Per Year for Four Years from January 1st, 1910.

TALLAHASSEE, March 3.—At a meeting of the Commissioners of the State Institutions, held here yesterday morning in the executive office the contract for convicts was awarded to the Florida Pine Company of Jacksonville at $281 per capita per year. Seventeen bids were brought in.

The contract, as let, was for the hire of State convicts for a period of four years, to begin January 1, 1910.

In accepting the contract the Florida Pine Company must abide by the following regulations:

The lessee must bear all expenses incident to the handling of the convict from the day of his sentence by the court in which he is tried; also all expenses incurred in maintaining a proper State prison as well as the prisoner and in keeping him or her safely; also all expenses for guards, medical attention, medicines, food, clothing, properly equipped lodging, and every other expense and charge that should be incurred for the proper care, custody and humane treatment of the prisoners during the term of the lease. The personnel of the guards, wardens and captains and management to be subject to the approval of the Commissioner of Agriculture.

All rules and regulations concerning the type of buildings for the prisoners, the equipment, the care and management of the prisoners to be subject to any and all rules that may be promulgated by the Commissioner of Agriculture with the approval of the Board of Commissioners of State Institutions.

A central hospital or hospitals shall be maintained at the expense of the lessee in which shall be confined for medical treatment all such prisoners that may be sick or unable from any cause to perform manual labor. The hospital or hospitals to be conducted and maintained as is more fully set out in the schedule referred to. The location of the hospital or hospitals must be approved by the Commissioners of State Institutions before they shall be deemed or considered as sufficient compliance with the intent thereof.

Each prisoner shall be furnished with a separate iron cot bedstead properly equipped for comfort, as shown in the schedule.

The lessee shall at all times enforce in the prison or camps and upon the work such rules as may be prescribed by the Commissioner of Agriculture and approved by the Board of Commissioners of State Institutions for the health, humane treatment and safe custody of the prisoners.

Lessees shall take all prisoners sentenced by any court to the State prison, without regard to age, sex or physical condition.

The State prison physician, with the approval of the Commissioner of Agriculture, shall designate those to be confined in a hospital subject to the endorsement of the board.

The allowance for escapes will be within the discretion of the Board of Commissioners of State Institutions.

All payments under the contract shall be made quarterly in advance, except for the first quarter of the year 1910, which shall be payable one-half July 1, 1909, and the other half October 1, 1909, upon a basis of the whole number of prisoners incarcerated in the State prison on July 1, 1909

The lessees shall enter into a bond with two or more good and sufficient sureties in such sum as may be required by the Board of Commissioners of State Institutions, (said bond to be made payable) for the faithful performance of the contract and shall be a bond acceptable to the Board of Commissioners of State Institutions and shall be approved by said board.

Deductions will be allowed for each prisoner while confined in the hospital under the direction of the State prison physician and Commissioner of Agriculture with the approval of the board.

Anniversary Celebrations at Melrose on the Lake

MELROSE, March 3.—A lively crowd gathered at Bayview on Saturday night to celebrate the birthdays of Mrs. J. A. Waters and Mrs. H. W. Hamlyn, both falling on February 28. During the evening delicious "monkeys," besides other good things, were served, said "monkeys" being a close relation to the "Welch rabbit," another nature fake. A very pleasant incident during the supper was the presentation to Mr. and Mrs. Hamlyn by Rev. Waters, on behalf of all present, of a fine mariner's compass as a slight souvenir of the many pleasant trips in the "Effie." Another birthday, that of Mr. J. N. Cole, was celebrated by an enjoyable picnic at Parish Hammock on Monday. While some of the party went snipe shooting or fishing the rest rambled through the pretty woods exploring and picking flowers until dinner time, when fried fish, done to a turn by that experienced chef, T. A. Birt, were served and much appreciated by the hungry crowd. Mr. Cole was the recipient of many boquets, verbal and floral, during the dinner.

Ross B. Norton and Miss Lennie Stokes stole a march on their friends by being quietly married on Sunday night by Rev. B. R. Moseley. On Monday the happy couple were entertained at dinner by Mr. and Mrs. W. H. Lee, the table being decorated with orange blossoms in honor of the occasion. All present enjoyed the fine dinner. The usual tinpan serenade was given in front of the Brown cottage, occupied by Mr. and Mrs. Norton, on Monday night. The community extends best wishes.

The Lutherans held the first service for a long time on Sunday, Rev. J. A. Waters preaching a fine sermon to a most appreciative congregation. The church was beautifully decorated with dogwood and purple lantanas.

Prof. Nunnally, from Lake City College, was expected to preach at the Baptist church on Sunday, but sickness prevented his coming.

C. P. Huffman, Jr., and S. Lee returned to Lake City on Tuesday.

The committee appointed to investigate and report upon the advisability of Key West purchasing the dock property which is to be sold at auction soon, has reported adversely. They gave as their reason that the city would lose over $1,000 a year in taxes and licenses.

FIVE SOLID CARS TO FOREIGN PORTS

BROWN-JENINGS HARDWOOD CO. ADVERTISING GAINESVILLE.

This Company Have Now Made Arrangements to Ship Their Orders Through Southern Ports.

Few people realize the importance of the Brown-Jenings hardwood factory located in the southern part of the city, but it is one that is probably receiving more foreign business than any other concern in this State.

During the past week they have shipped five solid cars which were cut especially for the foreign trade, and this is not an occurrence that happens just now and then, but they are receiving at all times orders from foreign countries for the Florida product of hickory, oak and ash.

Among the shipments made the past week was three cars for Hamburg, Germany, which were ordered by the government for special purposes, it having been discovered that this material will last better and be more serviceable than other materials that have heretofore been used.

Two cars were shipped to Christiana, Norway, and this material will be used principally for skis (snow shoes).

Besides the shipments that are sent to foreign countries the firm are at all times busy cutting special orders for the local trade and ship a large amount of the material cut up for shafts, spokes and rims, which is afterwards steamed and put in the proper shape by the factories buying it.

Chambers' Menagerie.

Hamp Chambers of the Ocala fire department has started a small menagerie in his city that far exceeds the one owned by Manager J. A. Ettel in Gainesville some time since. He has three deer, two monkeys, a bald-headed eagle, two monkey-faced owls, one coon, guinea pigs, and a catamount, which has recently been captured, will be added to the list within a few days. He is exceedingly proud of his pets and while feeding them the enclosure is usually lined with strangers seeing their "antics," they having been taught to do various and sundry tricks for their food. It is understood that the council there will assist him and put in a large zoo for the entertainment of the visitors and public generally.

Race Suicide

Is not nearly the menace to increase in population that deaths among infants are. Eight out of ten of these death are directly or indirectly caused by bowel troubles. Realty Changes.

The following deeds were filed for record in the clerk's office Saturday: S. F. and W. L. Jackson to Solomon Blake; Florida Land and Development Company to John W. White; Caleb Whitaker and wife to J. D. Stringfellow; Thos. Whitaker to Caleb Whitaker; J. D. Stringfellow to C. C. Whitaker; John and Evelyn McGee to Joseph Adams; Green Colman to Jos. Colman; C. M. Frink and wife to Lula T. Chester; Green Colman to Sallie Richardson; Green Colman to Wade Colman; Geo. Tompsett to Atlantic Lumber Company.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

Keep your eye on the want ads. There may be something advertised which is of interest to you.

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—MRS. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

DEATH OF MRS. ROUX.

Gainesville Lady Expires Very Suddenly Sunday Evening.

From Tuesday's Daily Sun:

The news of the sudden death of Mrs. Hannah J. Roux, the beloved wife of Mr. L. T. Roux, was a shock to the many citizens and friends of the family in Gainesville, the death having occurred on Sunday night at 10 o'clock from a complication of diseases.

While she had been unwell for a number of months she was considered to be on the road to recovery, and each week was showing considerable improvement in her condition, and even up to within a short while before her death she was chatting pleasantly with her family and was seen on the streets on Sunday afternoon in her usual pleasant mood.

Besides a devoted husband she leaves two brothers, E. C. and R. E. McMahan, the latter residing in South Florida, two sisters, Mrs. Hodgson at Williston and Mrs. F. W. Hall of Illinois, and three children, Fred S., John E., and Mary E. Roux.

She was united in marriage to Mr. Roux in September, 1884, at South Lake Weir, her father, Rev. J. A. McMahan, performing the ceremony, he being a Cumberland Presbyterian minister. The greater part of her married life had been spent in this city, and it was here she had learned to love the people and joined the church being a faithful and earnest worker up to within a short while of her demise.

The following gentlemen have been requested to act as pall bearers and meet at the undertaking parlors of R. McClellan at 2 o'clock today: S. J. Burnett, Dr. J. H. Alderman, A. M. Cushman, M. B. Saunders, A. G. Colclough and J. R. Eddins.

Funeral of Mrs. Roux.

From Wednesday's Daily Sun:

The funeral services of the late Mrs. L. T. Roux were held from the Presbyterian church yesterday afternoon at 2:30 o'clock. A large assemblage of sorrowing friends present attested the popularity of the lady and the handsome floral decorations that covered the casket showed the high esteem in which she was held. Her remains were laid to rest in Evergreen Cemetery, a large number of carriages conveying friends to witness the last sad rites.

"My three-year-old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A Wolkush, Casimer, Wis. J. W. McCollum & Co.

JOE COOPER CHARGED WITH SELLING BOOZE

ARREST MADE BY CONSTABLE DICKSON.

Defendant Waived Examination and Will Give Bond of $150 for His Appearance.

From Tuesday's Daily Sun:

Joe Cooper, a darkey from the country, was arrested Saturday night by Constable Robt. Dickson, who charges that he sold "booze," having caught him on West Liberty street.

Dickson says that he caught the darkey in the act of exchanging the whiskey for the money and has witnesses to prove what he says in the matter.

The darkey, through his attorney, waived examination and will give bond for his appearance at the next term of circuit court, which convenes here in May.

Dickson claims that he also knows the party who bought the whiskey, and he has stated to the judge that he purchased the "firy" article, hence it looks as if the evidence is very strong against the peddler.

Tennessee Senators Are to Remain in Kentucky

HOPKINSVILLE, Ky., Mar. 1.—Eight Democratic Senators who on Friday broke the quorum in the Tennessee Legislature and came to Kentucky have abandoned any intention of returning to Nashville on Friday. They said yesterday that they would remain in Hopkinsville until the General Assembly adjourns. Assistant Sergeant-at-Arms Yeaman is keeping them under surveillance.

The Senators assert that their sole object in breaking a quorum is to prevent Republican legislators from participating in the election of Democratic primary election commissioners.

HAMPTON TALKS OF FEDERAL BUILDING

HAS BEEN IN NATIONAL CAPITAL FOR PAST SEVERAL WEEKS.

Handsomest Government Building Ever Erected Under the Present Administration.

"Gainesville will have the handsomest and best public building ever erected under the present administration"—B. F. Hampton.

B. F. Hampton, secretary of the Gainesville Board of Trade, who has been in Washington for the past several weeks assisting in the final adjustments of the new Federal building, has returned and talks interestingly of the work soon to commence.

"The exterior finishings of this building," said Mr. Hampton, "will be of Indiana lime-stone and will present a handsome appearance, it being cut out in the rough and fully as serviceable as marble, but not quite as handsome.

"In order that work could be commenced on this building this year it was necessary to make some changes, but it will in no way deter from the substantiability of the building, which will take up the entire appropriation of $150,000.

"The interior is to be finished up with marble wainscoating, brass and bronze, and when completed will be fire-proof throughout, being a building of two stories and basement and running 62½x120 feet over all.

"There has also been an additional appropriation of $25,000 asked for which, if secured, will be used to purchase furniture for the building, and from this amount a very fine article can doubtless be purchased."

Wormology.

Should be studied by every parent. If your child is nervous, fretful, starts in it's sleep, is pasty faced, has rings under its eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. FARMERS BEING OFFERED $1.50 CRATE

CABBAGE MARKET RUNNING SKYWARD AND PLEASES FARMERS.

Business Men and Growers Alike Happy Over the Condition of This Healthy Market.

From Tuesday's Daily Sun:

The truckers of this section have just cause to be happy over the substantial increase in the cabbage market.

Buyers in this section are now offering $1.50 for the vegetable f. o. b. and it is believed that this price will be raised within the next few days, as the Northern market is showing firm, the sales being around $2.50 and up.

At the best, very few of the growers ever realize much more than a living out of the various vegetables, but it looks as if the cabbage crop will be their salvation this season, with the cukes and 'lopes yet to be heard from.

This will prove gratifying news to the numerous business men who have advanced money on this crop, and it will also assist in the local trade as the money that will be realized for this particular item alone will be quite large.

LETTER TO ROYAL COOK,

Gainesville, Florida.

Dear Sir: The real test of a paint is how many square feet will a gallon of it cover? And all the paints swear they cover 300 square feet two coats. Mildly, they prevaricate.

L. H. Ferchaud, builder, 1108 Dupre street, New Orleans, covered 1900 square feet with three gallons Devoe last year; and paints all his jobs Devoe. That's how the tale gets to us.

He doesn't say whether one or two coats; if one, there's nothing wonderful in it; if two, they must have very small feet in New Orleans.

Devoe doesn't stop at 300 feet; but over 600! Most paints, we suppose, can be stretched to 300 feet, but they're mighty thin; they cover well 150 to 200.

When N. R. Watkins, Lott, Texas, painted his house before, it took 13 gallons; Devoe 7 gallons. That shows the strength of the paints.

W. B. McCluney painted a house in Crystal Springs, Miss., to test two pure paints; one coat 6 gallons Devoe; the other coat 10 gallons of a New Orleans paint. That shows the strength of the paints.

Surfaces differ; one takes more, another takes less. Devoe covers more than any other paint; two to one in the case of half the paints. But how many it covers, we don't know till we see the surface.

Yours truly,

73 F. W. DEVOE & Co.,

P. S.: The Gainesville Hardware Co. sell our paint.

ALACHUA DEPUTIES PROVE VERY ACTIVE

TRAIL NEGRO TO GEORGIA AND BRING HIM BACK.

Negro Has An Illustrious Name and Charged on Two Different Counts of Embezzlement.

From Tuesday's Daily Sun:

Deputy Sheriffs E. Marcionny and W. C. Hague of Alachua have added new laurels to their records by trailing a negro from Alachua to Savannah and succeeding in bringing him back to meet justice.

The negro, John Ben Bolt, had formerly been arrested by Deputy Marcionny, who placed him in an old barn hand-cuffed over night, but the negro succeeded in some manner in making his escape, and it was the determination of Mr. Marcionny that he be recaptured, and with the assistance of Deputy Hague they followed their man to Savannah.

The negro was a valuable catch inasmuch as he was wanted on two charges of embezzlement, which deed was committed in Suwannee county, and it is understood that some reward was out for his apprehension.

Deputy Sheriff Bruton also picked up another valuable man Monday evening, having caught Stewart DeVaugh near Rochelle. He was wanted by the officers of Osceola county, the charge against him being assault.

STOMACH AGONY

Abolish the Cause, and Misery and Distress of Indigestion Will Vanish.

Can indigestion be cured? Hundreds of thousands of people who suffer from belching of gas; biliousness, sour stomach, fullness, nausea, shortness of breath, bad taste in mouth, foul breath, nervousness and other distressing symptoms, are asking themselves that question daily.

And if these same doubting dyspeptics could only read the thousands of sincere letters from people who once suffered as badly as they do now, but who have been quickly and permanently cured by the use of Mi-o-na, the mighty dyspepsia remedy that cures by removing the cause, they would go to J. W. McCollum & Co. this very day and get a large box of Mi-o-na tablets, and start themselves on the right road to health at once.

The price of Mi-o-na tablets is only 50 cents, and J. W. McCollum & Co. guarantee them to cure indigestion, or money back.

Thin or lean or scrawney people will find in Mi-o-na a maker of flesh and blood, because it causes the stomach to extract more nutritious matter from the food, which quickly enriches the blood.

TOM DOUGLASS CAPTURED FOR MURDER

SHOT DOWN MAN IN EASTERN PART OF COUNTY.

Was Arrested at Quincy and Sheriff Ramsey Has Gone to Bring Him Here.

Tom Douglass, a negro wanted for murder, was captured at Quincy on Tuesday and Sheriff Ramsey has gone to bring him to this city.

Douglass shot a negro woman at a festival given near Orange Heights because the woman asked him to pay her what he was due for food he had eaten. When the woman's husband went to Douglass and asked him why he had shot his wife, he remarked that he would kill him, which he did by shooting him on the spot, the victim dying shortly afterward.

After shooting the man he made good his escape. A true bill was found against him at the last term of court, but it was only recently that he was located.

The wound of the woman was only a flesh one, and she soon recovered. The negro is said to be a very desperate man and is known to travel from camp to camp, always creating trouble and being compelled to leave.

BIDS WANTED.

The Board of County Commissioners will receive, at their meeting in April, bids for a system of sewerage to be constructed in the county jail, parties bidding to submit suitable plans and specifications and price of same.

The Board reserves the right to refuse any or all bids, and to accept such bid and such plans and specifications as they may think best. All to be connected with the city sewer.

Done by order of Board this 3rd day of March, 1909.

J. G. DAMPIER, Chairman.

Attest: S. H. WIENGES, Clerk.

LUNG HEMORRHAGES

(I TOOK PE-RU-NA.)

MISS NINETTE PORTER.

Miss Ninette Porter, Braintree, Vermont, writes: "I have been cured by Peruna.

"I had several hemorrhages of the lungs. The doctors did not help me much and would never have cured me.

"I saw a testimonial in a Peruna almanac of a case similar to mine, and I commenced using it. I wrote to Dr. Hartman for advice. He kindly gave me free advice.

"I was not able to wait on myself when I began using it. I gained very slowly at first, but I could see that it was helping me.

"After I had taken it a while I commenced to raise up a stringy, sticky, substance from my lungs. This grew less and less in quantity as I continued the treatment.

"I grew more fleshy than I had been for a long time, and now I call myself well."

A Bad Cough.

Mrs. Emma Martin, Odessa, Mo., writes: "I cannot thank you enough for curing me.

"For two years I doctored my cough, which cost me many dollars, but still I seemed to get worse. My cough was so bad I could not sleep.

"Finally I purchased a bottle of Peruna. After the use of six bottles I feel that I am cured."

People who object to liquid medicines can now secure Peruna tablets.

TAFT IS RELIEVED OF APPOINTING A NEGRO

CHARLESTON, S. C., March 2.—With the resignation of Dr. William D. Crum as collector of customs at this port, the resignation to take effect March 4, a situation which threatened to cause President-elect Taft considerable embarrassment is avoided. No appointment made by President Roosevelt during either of his administrations has given rise to as much discussion as that of Dr. Crum, whose appointment as collector at Charleston was vigorously opposed because of the fact that he was a negro. A long and hard fight against his confirmation was made by Senator Tillman and others when he was named for the position by President Roosevelt in 1903, and within the last few weeks, following his reappointment, Senator Tillman conducted a successful filibuster against his confirmation by the Senate.

Dr. Crum says that no pressure has been brought to bear upon him now to cause him to resign, but that he does so in part because he wishes to save Mr. Taft for whom he entertains great respect, from any possible embarrassment as to his re-appointment, and chiefly because he feels that he has been especially identified with President Roosevelt's administration and he wishes to retire with his chief. In his letter to President Roosevelt, after thanking the President for appointing him six years ago and for renominating him recently for a second term, he says:

Successful Administration.

"Since assuming the duties of this position I have striven diligently to justify the confidence imposed in me. During all these years, so far as I know, not a single charge has been brought against my moral character or a single adverse criticism in regard to the performance of my official duties. I wish further to add that those employed in this office under me, composed of both races, have been at all times courteous, kind and interested, and we have all worked together to make the office work successful and satisfactory.

"When I became collector of this port the annual receipts of the office were scarcely $20,000. I am glad to say that they have shown a flattering increase each year, the total for the fiscal year 1908 being almost $71,000, and for the first eight months of the present fiscal year are more than $80,000. I do not claim credit for this increase in business; much of it would have been brought about through the natural growth of the port, but cite these facts to show that I have striven in every way possible to increase the usefulness of the office and the position which I hold.

"Before closing I feel that I should add that during all these years I have been treated with kindness and courtesy by all those who have had official business with the office, and have not had unpleasant contact with anyone in the city.

"In conclusion permit me to thank you again for the trust imposed, and to wish you, as you end your official career, a hearty Godspeed and long life."

Statewide Prohibition in the Arkansas House

LITTLE ROCK, Ark., March 2.—The Gann bill providing for statutory State-wide prohibition, passed the House yesterday afternoon by a vote of 53 to 27. So great was the demonstration and general confusion which followed that the House abandoned any attempt to continue further business and adjourned.

The passage of the bill followed the rejection of the Simpson substitute bill, providing for submission, which was lost by a vote of 44 to 35.

After the passing of the bill, Mr. Ard of Jackson introduced a bill to prohibit the manufacture or sale of soda water and other soft drinks.

The Gann bill provides that liquor may only be sold by druggists for such purposes as art, mechanical, medicinal and similar use, and that wines may be sold to churches for sacrament.

A spirited contest in the Senate is promised when the bill is taken up by that body.

Gone to Rest.

HAWTHORN, March 3.—Madaline, infant daughter of Mr. and Mrs. Newton Coleman, departed this life at Micanopy, Fla., Feb. 16, aged four months and nine days. She was the first born of this happy young couple, and it is but natural that their grief should be great. She was a beautiful and interesting child and a pet of everyone who knew her. She never seemed happier than when being wheeled over the streets in her little carriage. Kind friends, with the best of medical skill, administered to her every need, but our Savior said: "Suffer little children to come unto me and forbid them not, for of such is the kingdom of heaven."

Her little body was laid to rest in the Hawthorn Cemetery in the presence of kind and loving friends. Weep not, dear parents; little Madaline is not dead, but safe in the arms of Jesus, waiting and watching for thee.

FRIEND.

REVENUE DEFICIT IS BECOMING ALARMING

(By Tav, Special Correspondent The Daily Sun.)

WASHINGTON, March 2.—Because of the unparalleled extravagance of the Roosevelt administration Uncle Sam will probably be forced to resurrect some war-time taxes to put the finances of the Government on good footing.

During January the deficit was nearly $16,000,000. This brings the deficit thus far in the fiscal year up to $79,814,443. Official figures do not sustain the position of the Republican leaders that the increased deficit is due "entirely or chiefly" to the reduction in the national income because of slackened commercial activity. They indicate the deficit is due more to an increase of expenditure than to a decline of revenue.

During the first six months of the fiscal year, which ended last June 30, the total treasury receipts were $317,412,629. There were only $293,422,863 during the first six months of the fiscal year now current, which shows a falling off of $23,989,766. But the expenditures during the corresponding periods were $326,815,059 and $357,813,374 respectively. This is an increase of expenditure of $30,998,315, which accounts for substantially more than half of the actual deficiency.

The deficit for the present fiscal year threatens to run up to $130,000,000, and the deficit of the next fiscal year, according to Secretary of the Treasury Cortelyou, will be very close to the sum of $143,000,000. This doesn't mean that the United States Government is on the verge of bankruptcy, because the available balance on December 31, 1908, was $163,853,332. However, the financiers of the Republican party are worrying, for a few annual deficits of more than one hundred million would make quite a hole in a surplus of any size.

It was at first rumored, and now it is being stated as a certainty, that the Ways and Means Committee, which is in charge of the tariff revision, will ultimately have to recommend income and inheritance taxes in its report. Champ Clark and his associates in Democratic leadership believe income and inheritance taxes to be far preferable to imposing duties on necessities, which the Republican party would really like to do.

Representative Clark and his colleagues have been canvassing the situation with great care. If the Ways and Means Committee fails to provide for income and inheritance taxes the Democratic leader will formally move a provision for such legislation be inserted when the matter comes before the House.

Here is the program that has rather definitely been worked out by the Republican managers, to meet the revenue situation: To impose a tax of 2 cents a pound on coffee, which it is estimated would produce annually approximately $27,000,000; a tax of 10 cents on tea, producing $10,000,000; to increase from $1 to $2 the internal revenue tax on beer, per barrel, producing $60,000,000; total increase in sight, $97,000,000.

The Democrats believe the tax on the breakfast table is thoroughly unpopular with the country and wrong in principle. They also believe that the country is more than ever in favor of the income and inheritance taxes, which would call upon the people of wealth more than those who toil to give assistance in standing increased expenses of the Government.

On this issue the Democrats are ready to meet defeat on the floor of the House if necessary, and then take their case to the country in the next Congressional election. They believe that they have the Republicans hopelessly "in a hole" on the proposition. They are making plans with the utmost care, and Republicans who know what is going on admit frankly they are worried.

Not only are the Democrats looking toward the Congressional election of 1910 with the hope of carrying the House on an income and inheritance tax issue, but have the Presidential election of 1912 in mind's eye. The supreme court, it is pointed out, has undergone changes in its membership since the original income tax decision was overturned by a divided court, standing 5 to 4.

The men who are making a study of the question—and it is being made by the ablest Democrats from the political, the revenue, and the constitutional sides—believe they will succeed in framing a satisfactory measure which will be so far different from the former one as to give the supreme court ample ground for conceding something to public opinion and holding it constitutional.

When people learn to rely upon others to do their thinking for them, or for support, they are sure to lose individuality, self-reliance and courage, and the desire and ability to take the initiative on occasion. This is said to be the reason why the people who live in the region devastated by the Italian earthquakes have lost heart and show but little disposition to recover from the effects of that great calamity.

Domestic happiness does not depend upon the size of one's house or the number of rooms in it, but upon the spirit that pervades the home. A mansion filled with the most costly furniture and rare works of art gives no happiness if jealousy, coldness and inconsiderateness exist. But an humble cabin, sparsely furnished, will be transformed as into a palace, by a magician's wand, if love, sympathy and helpfulness dwell there.

It is well known that medical men do not prescribe alcohol for patients to nearly the extent they did years ago. A peculiar instance of this is seen in the Wandsworth Union, the largest poorhouse and dispensary in London. In 1876 the 1,416 inmates cost the authorities $2,400 for alcohol and $2,110 for milk. In 1908 the milk bill for the 5,541 patients was $6,735 while that for alcohol had fallen to $9. Of course the British physicians used to prescribe liquor more freely than American, but that only makes the

CALLING A HALT.

An encouraging manifestation of the growing reaction from unreasoning agitation against organized business of the last few years appears in a preamble and resolutions just adopted by the Indianapolis Board of Trade. After pointing out that common carriers, together with our great manufacturing industries, constitute the principal purchasing and consuming interests, besides being the largest employers of labor, and that legislation to restrict their ability to make purchases and give employment to wage-earners would be detrimental to the common good, the resolutions appeal to the Legislature "to refrain from enacting legislation that will inevitably result in curtailing the ability of such companies in their efforts to extend and carry on their business and overcome the depression that they have labored under for the last year, believing that if this request is complied with it will in a great measure help to restore general business conditions in this State and in the entire country."

This utterance is an appeal to reason, and expresses a sentiment which is daily growing stronger. The tardiness of the business revival is due no doubt in considerable degree to the uncertainty as to what is to be done in the matter of tariff revision, but it is probably attributable in large measure to the fear of oppressive and ill-conceived legislation.

Natural conditions throughout the country are indisputably sound, but we cannot afford to embarrass the development of productive enterprise by subjecting it to arbitrary and repressive laws in States where further development is most urgently needed.

The Indianapolis Board of Trade sets a good example for other powerful commercial organizations throughout the country. Similar and concerted action by such bodies might accomplish results which other agencies have thus far failed to produce.

HUNTING ON ENCLOSED LAND.

The Sun is requested by a subscriber near this city to publish the law against hunting and fishing on enclosed premises, complaining that a gentleman residing in Gainesville recently entered his field with his gun and dogs, and when he (the owner) protested he was politely informed that if he objected to hunting in his field he should post the same. It seems that the sportsman knew what he was talking about, and all farmers who object to hunting on their lands should post the same. All that is required is three signs bearing the inscription: "No hunting (or fishing) allowed on these premises," signed by the owner or agent.

Following is the law our friend requests us to publish, which is taken from the General Statutes of Florida:

"3404. Entry On Enclusure to Hunt or Fish—Whoever wilfully and with the view of trespassing enters any enclosure of another, where crops or fruit of any kind are cultivated, without permission of the occupant previously obtained, or, without such previous consent of the owner or occupant, enters upon the enclosed lands of another to hunt or fish, shall be punished by imprisonment not exceeding sixty days or by fine not exceeding fifty dollars.

"Ten days' notice by poster to be posted at at least three different and conspicuous places around the enclosure, shall be given by parties wishing to avail themselves of the benefit of this section."

Did that head-on collision at Tampa collide? We have seen no report of it.—Bronson Times-Democrat.

That is just what has been troubling The Journal. From all we can make out those dastardly Jacksonville boosters intercepted the locomotives on their way south. How about it, Brother Lambright?—Pensacola Journal.

It is better that the collision was not "pulled off" at Tampa than to have had such a fake as the one perpetrated on the public at Jacksonville. No one expected to see anything but a farce on the day the bull fight was advertised to occur, but it was almost equivocal to "larceny after trust" to perpetrate such a farce as the collision of the two locomotives.

It does not necessarily follow that Mr. Knox will turn out only $8,000 worth of work in his new job.

ON MARRIED LIFE.

Occasionally some woman with so-called new ideas on life seeks to enlighten society on marriage and the home. This is what Mrs. Leslie Carter has just done. She condemns marriage as being old fogeyish and obsolete, that "children are a nuisance and domestic routine a bore," and that in these "progressive times" men demand the "sparkle of eyes" and will not be content with one woman in a house. And as for woman, she is a fool if she devotes herself to one man, especially when there are such "brilliant opportunities" before her.

Mrs. Carter indulges in a lot more of such unwholesome and trashy advice, but her reputation as an actress and as a champion of Salome in its most repulsive presentation prevents her opinions having any weight except with the class to which she belongs. Every sane person believes in just the things she condemns, and the vast majority of marriages are happy even as are the great majority of American homes. Mrs. Carter simply represents a little froth that is upon the surface and which is only noticeable just because it is froth and displays itself. Domestic life in this country almost universally goes on in tranquil, wholesome fashion without making an exhibition of itself.

LET US BE THANKFUL.

The eventful administration of President Roosevelt ends today. The voyage of the past four years has been a rough and stormy one—the country being in the position of the crew of a strong bark buffeted here and there by the billows, and not knowing what moment they may be cast upon the rocks and their vessel smashed to pieces. It has been a period of unrest for everybody, and all are thankful that Roosevelt is succeeded by a man of judicial temperament, sound judgment and special fitness for the high office to which the people have called him. It is expected that Mr. Taft will be a prosperity President. His assumption of administration is greeted with universal confidence, and there is nothing in his character to expect of him anything else than would come from a well-meaning, progressive President, ambitious to bring better days and a new era of progress. Mr. Roosevelt himself says of his successor:

"No man of better training, no man of more dauntless courage, of common sense and higher character ever come to the Presidency than William Howard Taft."

It was altogether fitting that the official welcome home of the American fleet should be given on Washington's birthday. It was during the revolution in which he was the central figure the foundations of the navy were laid and Paul Jones gained his brilliant victory with the Bonhomme Richard over the Serapis. So great has been the progress in the size and construction of warships since that famous encounter that the Bonhomme Richard would seem no more than a cockboat alongside of Admiral Sperry's flagship. And it is no exaggeration to say that any one of the battleships that has just finished its cruise could have fought and beaten the whole British navy as it existed in the time of George III.

A Chicago statesman wants to have an obligatory prefix to the names of all men that will show whether they are married men or bachelors. In this day, when all the married men live like bachelors and all the bachelors live like married men, some such designation would be useful if not necessary.

BURGLARS ARE BUSY IN THE BRICK CITY

OCALA, March 2.—The Globe store was entered some time Sunday or Sunday night and was robbed of merchandise which will run into several hundred dollars; the exact amount will probably not be known for several days. On opening the store Monday morning Mr. Goldman found the stock in great disorder and discovered that thieves had paid him a visit.

Mr. Goldman believes that there must have been one of the gang in the store when he closed up Saturday night, as none of the doors or windows were broken open. The thieves proved good judges in picking out their suit cases in which they carried off their plunder, taking cases which were worth $12 each. In addition to clothing and other wearing apparel the intruders secured eight watches, which were valued at $200.

Seven dollars which were left in the cash register for change were not touched.

The authorities are making a diligent search for the culprits.

SUSIE WHITE TO BE TRIED BY CO. JUDGE

USED KNIFE ON TWO PEOPLE WITH SERIOUS EFFECTS.

Myor Davis Had Largest Session of Court Wednesday for Weeks, Which Helped Treasury.

The court room of the city was crowded on Wednesday morning by residents of Spring Hill, a general mixup among two families being the cause of the trouble.

Susie White was the star performer, and used an ugly knife with murderous intent upon several of her victims before she was finally felled with a scantling in the hands of Fletcher Hilton.

The evidence in the case had not advanced very far before Mayor Davis decided that he would not attempt to try Susie, and he turned her over to Judge Mason, it being out of his power to inflict the punishment in such cases.

Other cases disposed of were as follows: Pink Blocker, charged with disorderly conduct, plead guilty, and after hearing the evidence the mayor decided that he was partially justified in his punishment of slapping his wife, and made the fine as light as he could—$5 and costs. He notified the prisoner that unless his great big step-son proceeded to obtain work he would have him up for vagrancy. The fight was the outcome of the son refusing to work.

Fletcher Hilton, charged with fighting, was let off with $5 and costs, as it was proven that had he not interfered Susie White would have cut his sister to death.

Henry Stevens, also charged with fighting, was discharged, the evidence being insufficient for the judge to impose a fine.

The case of Susie White, which was transferred to Judge Mason's court, will be heard by him this morning.

CITY COUNCIL MEETS IN REGULAR SESSION

MONTHLY BILLS PAID AND ROUTINE BUSINESS TRANSACTED.

Mayor Instructed to Issue His Proclamation Calling General Election on Tuesday, April 13th.

The City Council met in regular monthly session Monday night at 7:30 o'clock with President Pro Tem Cannon, Aldermen Broome, Burnett, Graves, Mixson, Vidal, and Clerk Dell present.

Upon motion of Alderman Vidal the minutes of meetings for month of February were ordered approved as read.

Alderman Burnett made motion that the chairman of the sanitary committee be instructed to investigate the drain on Mechanic street, leading from the ice factory to the branch, and find out if possible who are the parties connected with the same.

Bills were ordered paid from the several funds as follows:

Contingent—B. T. Arnow, $3.50.

Printing fund—The Sun, $6.

Cemetery fund—Mrs. H. H. McCreary, $35.

Officers' fund—H. L. Owens, $50; J. M. Dell, $40; B. T. Arnow, $60.

Light fund—Gainesville Gas & Electric Power Co., $238.50.

Water works fund—B. F. Miller, $15; The Sun, $2.55; Shad Sams, $2.75; Wm. Thurlow, $2.50; Robert Boler, $2.50; J. E. Pultz, cashier, $83.72; J. M. Dell, assignee, $6; B. F. Miller, $59.75; Electric Power Co., $7.69; Foundry and Machine Works, $4.75; Ned Williams, $7; Davis & Oliver, $10.73; Baird Hardware Co., $1.44; Flick Bros. & Co., $67.34; Ludlow Valve Co., $66; B. F. Miller, $195.50; Gainesville Hardware Co., $2.70; Lynch & Co., $37.80.

Fire fund—Baird Hardware Company, $37.80; J. E. Moyers, $50; L. D. Jernigan, $40; Phifer Bros., $8.35; Dorsey & Co., $46.52; Gas and Electric Power Co., $8.45; Hose Company No. 2, $10; Hose Company No. 1, $20.25; Benson & Son, $5.25; J. F. Seagle, $1.90; University Cycle Co., $2.50; J. A. Naftzgar, $4; Gainesville Furniture Company, $27; T. W. Shands, assignee, $8..25.

Street fund—T. F. Thomas, $13.85; Gainesville Hardware Co., $1.50; C. M. Dell, assignee, $44; A. W. Taylor, $53.25; C. M. Dell, $50; D. A. Robertson, $1; C. A. Colclough, $8; Mrs. Lois Tucker, $106.97; J. B. Dell, Jr., $25; J. M. Halle, $50; Baird Hardware Co., $1.95; C. M. Dell, assignee, $127.50.

Upon motion of Alderman Burnett the rules were waived and the bill of W. C. Boule of $1.50 was ordered paid from the officers' fund.

The bill of Col. W. E. Baker for codifying the city ordinances was referred to the ordinance committee to investigate.

Bill from the Good Roads Machine Co. was referred to the finance committee with power to act.

Alderman Vidal's motion to place ordinance No. 157, controlling the storing of automobiles within the city limits, on its third and final reading was lost.

Alderman Burnett moved that the petition from east Gainesville citizens asking for light, also the petition calling for another fire box located, be referred to the respective committees for further investigation; which was carried and the petitions so referred.

Alderman Burnett moved that mayor issue his proclamation calling for an election to be held on April 13th, when the following officers are to be elected: Mayor, marshal, collector, assessor, clerk and treasurer, four members of council, to serve for two years, and one member board public works for term of five years; which was adopted.

The request from the Independent Church for an additional light was referred to the light committee.

The assessment of Mrs. Whetstone was reduced to $1,000.

Upon motion of Alderman Burnett the registration books were ordered revised and the list of stricken names be published, the council to meet in extra session on April 2, at 7:30 p. m., to hear complaints.

The matter of drain pipes for Mechanic street was referred to the president of the council to obtain prices from the different contractors relative to the work and report to the council.

The subject of building a culvert over Sweetwater branch, on Mechanic street, was referred to the street committee to investigate and report to the next meeting of council.

The bridge at the corner of Orange street and Oak avenue was referred to C. M. Dell to place in good condition.

The question of trimming the oak trees around the court house square was referred to the street committee to look after.

Upon motion of Alderman Broome the council adjourned to meet at 7:30 on March 23.

AGED WHITE MAN IS KILLED IN A CAMP

WAS CONVICTED AT GREEN COVE SPRINGS OF VAGRANCY.

Alleged That He Attempted to Kill the Guard With What Is Known as a "Puller."

From Wednesday's Daily:

Deputy Sheriff L. E. Story states that an aged white man, presumably about fifty years or more old, was killed near Windsor the latter part of last week while he was out with the "gang" in the woods.

The deputy states that this is the second occurrence of the kind in that particular section and that invariably the crew working where a case of this kind occurs leave for other fields.

It is stated that the old man had made an attempt to kill the guard and was in the act of drawing a "puller" on him when the fatal shot was fired that ended his life.

The prisoner was sent up from Green Cove Springs on a charge of vagrancy for a term of six months, but had only served a short while when he was shot, the entire load of buckshot having been placed in his stomach, tearing a large hole from which his entrails protruded.

PRESIDENT CENSURED FOR ATTACK ON NEWSPAPERS

Should His Desires Be Gratified It Will Set a Dangerous Precedent in This Country.

(By Tav, Special Correspondent The Daily Sun.)

WASHINGTON, D. C., March 1.—No one of President Roosevelt's acts has ever drawn the same measure of condemnation from the country as has his action in inciting his Attorney-General to plunge the Government into proceedings against newspapers that have criticized the Roosevelt administration.

This view is not over-estimating the situation if the comments of the leading newspapers of the country and of prominent men here in the National capital may be considered thermometers reflecting the sentiment of the nation. Many of the President's critics are personally hostile to the particular newspapers involved.

Some of the President's best friends say he has made the greatest mistake of his career in attempting to drag Editors Pulitzer and Smith to this city for trial, and regret that he ever embarked in the enterprise. These critics do not assert the editors were right in charging there was grafting in connection with the purchase of the Panama canal, but that the President is setting a precedent that may be used by succeeding Presidents to bull, terrorize and even drive out of existence newspapers that fall under their displeasure." The danger which lurks in the precedent being established by the President, it is pointed out, is that newspapers that may have reason to believe that an investigation should be made into some transaction to determine whether the Government was defrauded will hesitate to agitate the matter because of the example now being made of his critics by President Roosevelt.

There is much discussion as to whether the prosecution will insist in its attempt to have the defendants brought to the District of Columbia, where the President wields a strong influence on judges. It is argued Federal judges not only owe their appointments to the bench to the chief executive, but must look to him for any further promotion. President Roosevelt will of course not be in office when the defendants in the libel cases are tried, but it is believed the incoming President will take up the matter where the outgoing one leaves off, inasmuch as the President-elect is pledged to the Roosevelt policies. The defendants believe they would stand little chance if forced to stand trial in the District of Columbia.

In this connection it has been pointed out that in the case of Frank B. Noyes against Charles A. Dana in 1895, Mr. Noyes was then a resident of the District of Columbia, but that not one of the men named in the indictments brought by the Federal grand jury here lives in Washington. Mr. Roosevelt's legal home is in Oyster Bay, N. Y. His brother-in-law, Mr. Robinson, lives in New York City. President-elect Taft and his brother Charles are legal residents of Cincinnati. Elihu Root and Mr. Cromwell are legal residents of New York.

It is proposed to bring the indicted men to the District of Columbia for trial, although not one of the men alleged to have been libeled has legal residence in Washington.

As to the alleged threatened invasion of the liberty of the press in the proceedings, reference is being made to the quoted words of Elihu Root, which were delivered in court when the effort was made thirteen years ago to have Mr. Dana extradited to Washington:

"Great constitutional provisions," said Mr. Root, "have to be applied in accordance with the continually changing conditions of society, of political discretion and of political freedom; and it would be a great limitation of the freedom of the press in this country to say that every editor in every city and State is liable to be taken to any part of the earth where his papers may have to go and tried over and over again, hundreds of times, perhaps, for a single article.

"How can there be freedom of the press if there exists the arbitrary power to punish all over the length and breadth of this land which is contended for by the application of this law in England and by my friends on the other side?"

Judge Brown in deciding that Mr. Dana could not be extradited, quoted from Judge Cooley's "Constitutional Limitations" as follows: "It would be a singular result of a revolution where one of the grievances complained of was the assertion of a right to send parties abroad for trial if it should be found that an editor may be seized anywhere in the Union and transported by a Federal officer to every territory into which his paper may find its way, to be tried in each in succession for offenses which constituted in a single act not actually committed in any of them."

Almost without exception the leading newspapers of the country are denouncing President Roosevelt's new enterprise. The position of The Philadelphia Inquirer is particulaly interesting in view of the fact it has been one of the strongest Roosevelt organs in the country.

"President Roosevelt, in his attitude towards The New York World," says The Inquirer, editorially, "has assumed a position which is extremely dangerous to the integrity of the constitution and which we cannot think can be sustained by the supreme court. He has called to his aid the Attorney-General of the United States and has brought into play all the power of this Government in an effort to prove that any newspaper that may offend an administration can be terrorized and practically suppressed.

"If an Attorney-General, at the instance of a President, can reach out at any time for any newspaper that prints something that the President does not like, then are we indeed coming to methods that would make of the constitution a torn and tattered instrument, powerless to protect freedom of speech and of newspaper discussion?"

STATE FAIR JUDGES AWARD COUNTY PRIZES

TAMPA, March 1.—The awards for grand division and county prizes at the Florida State Fair were made Saturday night as follows:

The grand prize of $750 and the sectional prize for the best exhibit from a South Florida county ($500) went to DeSoto county, which makes that county the winner of $1,250, and it is generally conceded that DeSoto richly deserved the first place among the counties exhibiting.

In the awarding of the other sectional prizes ($500 each) that for the middle section of the State went to Marion, the western to Washington, the eastern to Dade, the last-named county having no opposition from its section of the State.

The individual awards are to be announced today. The judging was based upon the number of points attained by the several counties in the various departments for which premiums were offered, and the results as given by the judges are shown below:

Alachua county—Cotton 80, horticulture 40, agriculture 60; total, 180.

Monroe county—Woman's work 100; total, 100.

Hernando county—Woman's work 80, tobacco 60, cotton 30, horticulture 50, industrial 40, mineral 100, agriculture 60, vegetables 25, native woods 100, education 90; total 635.

DeSoto county—Woman's work 50, tobacco 10, cotton 10, horticulture 100, citrus fruit 100, poultry 60, preserved products 90, industrial 100, minerals 20, agriculture 100, vegetables 100, live stock 100, native woods 77, educational 100; total, 1,017.

Polk county—Woman's work 40, horticulture 80, citrus fruit 14, preserved products 70, industrial 40, minerals 50, agriculture 80, vegetables 15, live stock 20, native woods 74; total, 483.

Marion county—Woman's work 20, poultry 10, industrial 10, agriculture 70, vegetables 10, native woods 81; total, 201.

Pasco county—Tobacco 100, horticulture 70; total, 170.

Washington county—Tobacco 10, cotton 50, poultry 10, preserved products 80, industrial 30, agriculture 90, live stock 20, native woods 93; total, 383.

Columbia county—Cotton 85, industrial 70, minerals 10, agriculture 90, vegetables 10; total, 265.

Manatee county—Horticulture 90, citrus fruit 14, poultry 10, preserved products 100, industrial 20, agriculture 50, vegetables 30, native woods 95; total, 409.

Orange county—Horticulture 60, poultry 10, vegetables 15; total, 85.

Lee county—Citrus fruits 28, preserved products 50, industrial 70, vegetables 45; total, 193.

Dade county—Citrus fruit 14; total, 14.

Note—No appropriation was made by Alachua county for the Fair this year, and the exhibit made was through the personal efforts of Major John W. Tench, who is to be congratulated on the success made with the means at his command.

Lem Wood Run Down By an Auto in Tampa

The Tampa Tribune of March 2 contains the following account of an accident to Lem R. Wood, formerly of this city:

"Stepping suddenly from the sidewalk near the Lafayette street bridge about 6:20 last night in order to board a Port Tampa car, L. R. Wood, president of the Gulf Fertilizer Company, was struck by an automobile of L. T. Trousdale and severely bruised. Mr. Wood is partially deaf, and this is believed to have been the cause of the accident, he not noticing that he was stepping directly in front of the machine, which was approaching at moderate speed and was stopped as quickly as possible. In the automobile were Mr. and Mrs. Trousdale and Chauffuer Davis, who was running it.

"Immediately after the accident Mr. Wood was taken in another automobile to the office of Dr. Adamson, shortly afterwards being joined by Dr. Helms, who is Mr. Wood's family physician. At first it was thought that several bones were broken, but a careful examination showed that the extent of the injuries were severe bruises. Later Mr. Wood was taken in an automobile to his home at South Orleans and Morrison avenue. Although at first in much pain, Mr. Wood at a late hour last night was reported resting easily.

"After the accident, Mr. Wood made a statement to Mr. Trousdale and to the police which completely exonerated Mr. Trousdale and his chauffuer. Under these circumstances, Mr. Trousdale's chauffuer was not placed under arrest, and there is no break in the cordial relations existing between the two men."

BANJ CONCERT ENJOYED.

Large Number of Ladies and Children Attend Occasion.

A large crowd of ladies and children assembled around the court house square Wednesday afternoon for the purpose of listening to the concert of the Gainesville Band.

The program rendered was an excellent one and showed a marked improvement over the last appearance of the band boys. It is the intention of the organization to give these concerts all during the summer at about the same hour, and judging from the large crowd present yesterday they will always be greeted with large and appreciative audiences.

JUDGE MASON BUSY.

All of Wednesday Was Occupied With Civil Business.

County Judge Mason was busy all of Wednesday hearing two civil cases.

The case of Wm. Osborne vs. the A. C. L. railway for the loss of household goods in transit, was tried by jury and a verdict of $40.60 rendered for the plaintiff.

J. F. Stewart vs. A. C. L. railway, sewing machine lost in transit. In this case the judge has under consideration the evidence and will render his decision within the next few days.

New Nozzles Arrive.

The Gainesville Fire Department has just received two new nozzles for hose wagon No. 2, and they were at once placed in commission on the wagon. They have a new appliance which makes them easy to shut off while the pressure is at its height, thus enabling them to better get around in handling. They also throw a small spray on the firemen and keep them cool during the heat of a fire.

Act Quickly

and you will save yourself a lot of suffering and trouble. If you have a sudden chill—or take cold—if you have colic, cramp or diarrhoea, don't wait a minute. FIFTEEN HUNDRED ACRES IN VEGETABLES

WILLISTON GROWERS ARE GOING IT HEAVY THIS SEASON.

Larger Part of the Ground Has Been Planted to Cucumbers for Early Shipment.

The Williston section seems to be "it" when it comes to putting in spring vegetables for early shipping, judging from the large acreage that has been planted there.

It is estimated that some 1,500 acres have been planted, reaching from Archer south to Montbrook, and the greater part of this acreage is all planted to cucumbers.

T. L. Hodgson, one of the largest truckers of the Williston section, says that about 700 acres have been planted around Williston, 500 acres being in cukes alone, while the remainder will be in beans and melons.

It will be seen from the above that the farmers of that particular section have planted extremely heavy, and if the other sections have planted in the same proportion it will be another nard section on the growers generally, the produce selling for scarcely enough to pay the transportation charges.
